Experience

May 2023 - July 2023

- **Central Coalfields Limited-CCL**
  Summer Intern
  During my internship in frontend development, I gained valuable hands-on experience in creating and enhancing the user interfaces of web applications. I worked with HTML, CSS, and JavaScript to build responsive and visually appealing websites. I collaborated with a team of developers and designers to implement features, optimize performance, and ensure cross-browser compatibility. Through this internship, I honed my skills in frontend technologies and learned how to translate design concepts into functional and user-friendly interfaces.

Apr 2023 - Jun 2023, Remote

- **PHN Technology Pvt. Ltd. , Pune**
  Front-End Developer
  I created e-commerce website during my Internship using HTML, CSS, and JavaScript is a professional and user- friendly website. The website features an intuitive user interface with attractive design elements and responsive layouts.
